Don’t miss out on an opportunity to further your career and have a positive impact on your community. Apply today!

**Building Science/Envelope Consultant – Entry Level**

Morrison Hershfield’s Building Science Group provides planning, design, and construction administration services for a vast array of building types and uses. We are currently seeking an entry level Building Science/Envelope Consultant to complement our Building Sciences team in our Salt Lake City office. This position will focus on delivery of building envelope related construction document reviews, building condition assessments/evaluations, site reviews relative to the building envelope, project management, and field performance testing. Due to expanding business opportunities in Salt Lake City and elsewhere within the company, this position offers potential for growth in the areas of technical / professional development and project management.

**Responsibilities**

- Assist writing proposals and establishing financial budgets.
- Perform project contract drawing reviews (drawings, specifications, shop drawings, material submittals, etc.).
- Attend pre-construction meetings and document discussions.
- Review and report on project mock-ups.
• Perform periodic site visits and utilize a site visit reporting system to identify and update action items.
• Perform field testing to confirm building enclosure performance (water, air leakage, EFVM, infrared testing, etc.).
• Assist in small project management and coordination.
• Participate in continuing education.
• Periodic out of state travel.
• Perform various office related tasks.

Qualifications
• Degree in Engineering, Construction Management, Architecture, or Science.
• Organizational skills with the ability to effectively prioritize tasks on multiple projects.
• Ability to work in a team environment.
• Strong customer service commitment.
• Excellent communication and documentation skills.
• Professional attitude.
• Commitment to succeed.
• Persistence.
• Work ethic.

If you are interested in this opportunity, please visit the Morrison Hershfield website to apply online (http://www.morrisonhershfield.com/people/careers/) and follow the application process.

Morrison Hershfield is an equal opportunity employer. We appreciate all applications; however, only those selected for an interview will be contacted.
